meet:

Marissa Hanna

Marissa is our newest member of the TRAILS team. After working with children in and out of a child care center for the past 5+ years, she is joining us as a TRAILS Associate. Marissa recently worked as a lead toddler teacher and is looking forward to bringing her classroom skills to the TRAILS team. Marissa has also completed Mind in the Making, WV/IT I, and has earned her Child Development Associate Certificate. Outside of work, Marissa enjoys cooking, crafting, traveling with her family and husband, and spending time with her dog, Gypsy.

MEET YOUR NURSES

Candy Morgan Nurse Health Consultant

A Child Care Nurse Health Consultant works with child care providers, directors, and/or owners to promote the health and safety of children in the child care setting.

These consultants can provide expert guidance and technical assistance on a wide range of health and safety topics.

Child Care Nurse Health Consultants have the training to access appropriate resources to assist child care providers in successfully including children with special health or medical needs.

STARS Policy Reminder

Beginning January 1, 2020 the following WV STARS Policy will take affect:

In order to receive training credit hours for a repeating face-to-face course, it has to have been at minimum 12 months since this course has been previously completed. *This provision is not applicable to Technical Assistance (TA) sessions offered by the Resource and Referral Agencies.* Individuals choosing to repeat a course again inside the twelve-month period will be treated as a student auditing a course and will be marked as completed but will receive

no training credit hours.

All courses offered as face-to-face or webinar courses will be subject to this change. Please note self-paced courses are not repeatable for credit.

We hope that this change will encourage the early childhood professionals of West Virginia to take intentional professional development to further their knowledge and skills.

West Virginia
STARS

To learn more about Professional Development Opportunities, visit www.wvstars.org

Apprenticeship for Child Development

ACDS now offers both in-person and virtual classes. If participants live in a region that offers an in-person class, they are expected to attend that session. Priority for virtual classes will go to regions that do not have an in-person option due to circumstances such as not having an instructor, or not having enough students to hold a class. Please note that the registration process has recently changed. There is now a deadline to register each semester. The registration deadline date will vary each semester, but will be two weeks prior to classes beginning. For more information regarding classes, including the latest class schedule and registration deadline, please visit the ACDS website, wvacds.org and the ACDS Facebook page. Below are steps to follow when registering for ACDS classes.

HOW TO REGISTER FOR ACDS CLASSES

1. **All students** must complete an **online orientation** for the semester they are enrolling in. The orientations are available on the WV STARS website, www.wvstars.org. Students can be either on the WV STARS pathway or registry. The orientations can be located on the training calendar by searching online courses. The registration form is now included within the orientations. There is no need to submit a separate paper registration form to ACDS. This must be completed before the registration deadline.
2. All students must submit the **\$25.00 registration fee** directly to ACDS. ACDS accepts business, personal and bank drafted checks and money orders made payable to River Valley Child Development Services (RVCDS). ACDS now accepts debit and credit card payments. To pay using a card visit the ACDS website or contact ACDS for a credit card submission form. We **CANNOT** accept payments over the telephone because the credit card submission form must be signed by the card holder. All forms of payments should be accompanied by the payment submission form also located on the ACDS website. Completing this form helps ensure that your payment will be credited accurately and timely. Payment must be received before the registration deadline.

**** Failure to complete the full registration process will result in the applicant not being enrolled.***

For caregivers who are
life-long learners.

WV Child Care Credential

The first few years of a child's life sets the foundation for future success. As a caregiver and life-long learner, you have the task of providing quality care and education to each child.

The Division of Early Care and Education recognizes the importance of your career and your commitment to continuing education. A credential indicates your desire to stay current on research and best-practices in order to provide individualized, quality care improving the lives of the children and their families.

WV Child Care Credential

- ◊ Voluntary, no cost to you.
- ◊ A two-part credential.
 - ◊ General, completed first.
 - ◊ Specialization may be added.
- ◊ Based on WV STARS registered trainings all ready required or are currently being offered.
- ◊ Open to all child care providers in licensed or regulated sites.
- ◊ All course work is completed successfully.
- ◊ Professional Portfolio.
- ◊ Minimum of one year of employment in licensed or regulated child care within the last five years for general credential.
- ◊ Renewal every 3 years

WV Child Care Credential Specializations

Once you have completed the requirements for the general credential, you may go on and complete a specialization.

A BETTER FUTURE STARTS WITH HELP ME GROW!

Participants will learn about a national program that connects families to resources right here in WV. This free referral service, Help Me Grow, is funded by the Office of Maternal, Child and Family Health through the West Virginia Home Visitation Program. Attendees will understand how Help Me Grow (HMG) can partner with them to connect families to the resources they need for children birth through five. Participants will be shown the new search and referral platform that was created with an innovation grant to help close the feedback loop for agencies.

Connect Housekeeping Guidelines

All professional development sessions are WV STARS registered and begin and end on time. You must be present in the classroom by the start time, or you will not receive WV STARS credit. No late entry into sessions will be admitted.

All online professional development session participants must arrive prior to the start of the session, stay for the duration of the session and be active and engaged in the session for at least 80% of the session. Active and engaged means participating in polls, discussions and available to answer questions. Webcams are not required but are encouraged.

For online professional development sessions, only one person may be logged in per device or computer in order for participants to receive credit. You may log in from a cell phone, tablet, laptop or desktop computer.

Each participant must log in to online sessions using their own unique link from their STARS registration. Links can not be share if participants want to receive credit.

Child care providers will not be responsible for the care of children during any online professional development session.

You may not, under any circumstances, bring children to any of the professional development sessions.

Should trainings not meet the minimum registration requirements, the session will be cancelled. Participants will be notified 24 hours prior to a session via email if sessions are cancelled. Sessions will be rescheduled as a trainer's schedule allows.

Trainings held at childcare centers or facilities must have an administrator present for the entire session

If there is a school cancellation or delay due to extreme weather conditions in a county in which training is scheduled, the training will be cancelled for the day. You will be contacted when it is rescheduled.

SUMMARIES

CPR/FIRST AID

Heartsaver First Aid CPR AED provides students the highest quality training in the lifesaving skills of first aid, CPR, and use of an AED. This course empowers students to act with confidence in the event of an emergency at work, home, or in the community.

SPREADING HOPE

The HOPE training will aim to shift how we see and talk about the positive experiences that support children's growth and development into healthy, resilient adults. This training will cover the research showing how positive childhood experiences influence healthy development and reduce the effects of adverse childhood experiences. We will learn about the four building blocks of HOPE and how we can provide access to them. Together we will learn how we can incorporate the HOPE framework into practice to advance the health and well-being of the children in our care.

DEVELOPMENTALLY APPROPRIATE PRACTICES PRE-K

What does DAP look like in preschool? This one-hour online training will provide insight for intentional teaching strategies, developmentally appropriate environments and activities that can help create optimal learning experiences for preschool children.

A HERO'S JOURNEY: CHARACTER DEVELOPMENT FOR SCHOOL-AGED CHILDREN

This 1-hour online training will introduce participants to Character Development and focuses on the strategies for teaching character development to school-aged children. Participants will learn the importance of character development and strategies for teaching character development to school-aged children.

QUALITY ENVIRONMENTS OVERVIEW

This training will introduce family child care providers to the Family Child Care Environment Rating Scale. The training will discuss how the FCCERS is used in classrooms, why the FCCERS and how the FCCERS relates to the Tiered Reimbursement Program in WV. Family child care providers will get a basic understanding for the FCCERS and be presented with an opportunity for further training in this area.

HOW TO'S WITH SOCIAL STORIES (1.5 HRS EC)

Social stories are created and used in a lot of different situations. They can help with things from difficult behaviors in the classroom to routine changes. How To's With Social Stories will help define social stories and explore how social stories can be used. This training will also examine the benefits of using social stories and will go over the process of creating your own social story.

CIRCLE TIME WITH SCHOOLERS

Circle Time is a popular activity that's used in many programs to help develop positive relationships between children. This 1 hour online training aims to give them tools to engage with and listen to each other. Providing a daily meeting with school age children is a powerful tool that nurtures their social, emotional, cognitive, and language development. This dedicated time for group interactions sets the stage for meaningful learning experiences and lays the foundation for your classroom. This training will cover strategies for creating an effective daily meeting to help create positive relationships and structure of your room.

MAKING A DIFFERENCE: MANDATE TO REPORT

Making a Difference: Mandate to Report, is a training session for mandated reporters of suspected child abuse and neglect.

UNDERSTANDING ACES: ACES 101

During this one-hour professional development the participant will be introduced to the concept of Adverse Childhood Experiences through awareness and education.

ACES 102: OVERCOMING ADVERSE CHILDHOOD EXPERIENCES

ACES 102: Overcoming Adverse Childhood Experiences will provide a brief overview of adverse childhood experiences (ACEs) and learn ways to overcome them. This training will examine and help you understand the variables related to resilience, protective factors, and safe, stable, and nurturing relationships and environments.

ACES 103: PREVENTING ADVERSE CHILDHOOD EXPERIENCES

ACES 103: Preventing Adverse Childhood Experiences will provide an overview of adverse childhood experiences and the impact of trauma. It will also help you identify some of the root causes of adverse childhood experiences and look at the best practices for preventing ACEs through individuals, families, schools, and communities.

PARTNERING WITH PARENTS PRE-K

This in-person session will help participants create a welcoming preschool classroom environment for parents and families. We will examine various ways to communicate, encourage, and involve the child's most influential teachers to become partners in their child's learning.

IT'S ROUTINE! PRE-K

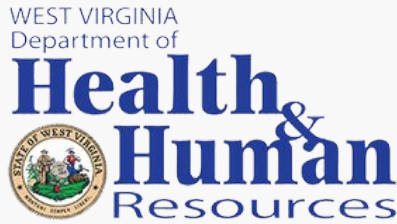

This in-person session will examine how an effective daily routine can enhance a preschool child's development. Discussion will include ideas to help create a predictable routine and environment that promotes interaction and learning, while being responsive to children's needs.

FACILITATING FRIENDSHIPS PRE-K

This one hour online session will focus on assisting preschool children to establish and maintain meaningful peer relationships. Discussion will include why early friendships are important and the needed skills for developing friendships. We will examine the WV PreK Standards' social relationship domain and highlight literary resources that focus on friendship making skills.

A BETTER FUTURE STARTS WITH HELP ME GROW!

Participants will learn about a national program that connects families to resources right here in WV. This free referral service, Help Me Grow, is funded by the Office of Maternal, Child and Family Health through the West Virginia Home Visitation Program. Attendees will understand how Help Me Grow (HMG) can partner with them to connect families to the resources they need for children birth through five. Participants will be shown the new search and referral platform that was created with an innovation grant to help close the feedback loop for agencies. (LeeAnn Blankenship will be providing the training)
